

Word from the Director of the School of Accounting:

Prof Prinsloo about the NMMU / Deloitte Grade 12 Accounting School

Dear Grade 12 learners

The end of your time at school is fast approaching, as is the date of commencement of the final grade 12 examinations.

The Grade 12 Accounting Winter School provides you with a unique opportunity to:

- embed your understanding of the grade 12 Accounting curricula, thereby enabling you to improve your final grade 12 exam results in Accounting and ultimately your APS points score; and
- gain insights into what it is like being at university (which is likely to be the logical next phase in your life).

The Accounting School will be facilitated by experienced and inspiring lecturers from the School of Accounting who are knowledgeable about the grade 12 Accounting curriculum. Well-structured course material will be used to supplement lectures and small group tutorials.

Given where you are in your life, the theme of this year's Accounting Winter School is aptly "for tomorrow" – and the organisers aim to ensure that you are in a position to take the right next step on the path to your future career. We trust that you will make the most of this unique opportunity, and we look forward to hosting you on our South campus.

Best wishes

Prof FE Prinsloo

Director: School of Accounting

Prof Frans Prinsloo

Word from the Sponsor of the Grade 12 Accounting Winter School: Mr Stuart Wedderburn

(Deloitte)

“At Deloitte we value hugely this opportunity to get involved in what is a truly fantastic opportunity to inspire the next generation of leaders. We see this Winter School adding value to our community by firstly giving Grade 12 learners the opportunity to improve and cement their accounting knowledge through the academic interventions. This aims at improving their grade 12 results in order to improve their chances of access to further education. Secondly and probably more importantly is that by exposing Grade 12 learners to the university, students, lecturers and to Deloitte professionals we hope to inspire them to want to get a tertiary education and inspire them to work harder for their remaining time at school in order to make this possible!

The more of our youth that we can inspire and assist to work towards uplifting their own education, the brighter our nation’s future will be. I thank you all for the opportunity to get involved and I look forward to interacting with the learners seeing the learners take this fantastic opportunity with both hands and make it all it can be for them!”

Mr Stuart Wedderburn
Partner at Deloitte
